

## Sample Write-ups

### The Inn at Mt. Chestnut

*The Inn at Mt. Chestnut is prepared to offer you the "rest of your lifetime." The inn is situated on twenty acres of pristine woodlands and walking paths. Built in 2001 for the specific purpose of entertaining our guests, the inn is equipped with four unique guestrooms. Each themed room has a king sized bed and private bath. Innkeepers Kevin and Leslie Vinroe invite you to come and enjoy a peaceful and quiet getaway.*

*1st in the Western Pennsylvania Bed and Breakfast Association  
Collection by **Just Around the Block**© 2002.*

### Ralph's Shoe Store

*Ralph Marcus came to Butler in 1930 and started his own shoe store in 1932. It was first located at 117 North Main Street and was called Ralph's Cut Rate Shoe Store. Then he up-graded and it became Ralph's Smart Shoes. His son-in-law, Herb Schwartz came to the store in 1949.*

*The store moved to 117 South Main Street in 1964 as Ralph's Shoe Store. It has been in that location ever since. It has always been a family shoe store for men, women, and children. Herb was manager and took over ownership of the store in 1971 upon the demise of Ralph Marcus.*

*A favorite feature of the store was in the children's section. So many children have been measured and fitted in the pink chairs that sat up high.*

*The store closed in November 2001.*

### The Kelly Building

*David and Mary Jane Kelly donated a one-acre plot of land for the Kelly Schoolhouse on July 4, 1854, the same year Buffalo Township was organized. A one-room schoolhouse was erected sometime later, with the first recorded classes being conducted in 1867. By 1904, more space was needed and a second room was added to the building. Later, as part of the Buffalo Elementary School, the Kelly Schoolhouse served as the kindergarten. After approximately 140 years of continuous use, the red brick building with the original bell on top closed its doors at the end of the 2000/2001 school year. It was one of the oldest public schoolhouses in use in the United States.*

*Second in a series, issued in the Spring of 2002 for the Buffalo Elementary PTO by **Just Around the Block**© 2002.*

### Christ Community United Methodist Church

*Christ Community United Methodist Church was organized in November 1965. Worship was held in the Mercer Road Firehall from 1965 to 1970. The educational unit, located on North Duffy Road west of Butler, was constructed in 1970 and the first service held on Christmas Eve of that year. A Mortgage burning Ceremony for that building was the event of Christmas Eve 1978. Construction began in August 1981 for the 425 seat sanctuary and it was a joyous evening when the first service was held on Christmas Eve 1981. Today the church serves over 800 members; who seek to be Loving People, Loving God.*

### Helpful Hints

The above write-ups are samples of previous buildings we have done. They may give you some ideas.

Send your history to Just Around the Block. We prefer you e-mail this write-up if at all possible.

It is better to include too much than not enough. Your write-up can be edited, at your discretion, if it does not fit on the back. (The building size and shape will determine how much can be placed on the back.)

You will receive a sample label to proof before it is applied.
